

Takafor Anutatu

Full Stack Web Developer

Profile

I have a serious passion for UI effects, animations, and the creation of intuitive dynamic user experience. I can build fast, responsive, intuitive, and dynamic websites with the use of HTML, CSS, JavaScript, and Python languages using Django and Flask frameworks. I am currently studying for a Diploma in Software Development through code Institute in a course that is aligned and accredited by Edinburgh Napier University.

Employment History

Customer Service Consultant at SUVEREN, Copenhagen-Denmark

January 2019 — Present

I do help our customers with complaints and questions, give customers information about our products and services, take orders, and process returns.

Telephone Operator at First Choice Group Ltd, Nicosia-Cyprus

January 2016 — December 2018

Assist customers with special billing requests, such as charges to a third party and credits or refunds for incorrectly dialed numbers or bad connections. Handle emergency calls and assist children or people with physical disabilities to make telephone calls.

Education
